My name is

and I know my neighborhood!

**We looked at who is the alderperson for Schurz, and the alderperson for where you live. Now use [this link](#) to look at maps of the ward.**

Reminder:

Schurz's ward =

Your ward =

**First, look at the ward for Schurz**

1. How many fire stations are there?

2. How many police stations are there?

3. Are there a lot of schools? About how many?

4. What are the parks like? Are there a lot? Are they big or small? Are they evenly located in all parts of the ward?

**Now look at your ward. (If you live in the same ward as Schurz, choose another - maybe where some of your family or friends live.)**

5. Which ward are you looking up?

6. How many fire stations are there?

7. How many police stations are there?

8. Are there a lot of schools? About how many?

9. What are the parks like? Are there a lot? Are they big or small? Are they evenly located in all parts of the ward?

**Compare the two different wards.**

10. Do they have similar numbers of Fire Stations and Police Stations?

11. Do they have similar numbers of schools and parks?

12. What might be some reasons for any differences?
